TRIBUTE TO NELLIE GRAY – PAGE 2

Eileen Vogel was with Nellie Gray through all the planning for the first March for Life. Read Eileen's first-hand account of the planning, details and her surprise revelation of the origins of the **Life Principles**, one of the most crucial ideals of the March for Life. The story will make us all proud.

Miss Nellie Gray - 1924 - 2012

If we want to honor the memory of Nellie Gray and her life's work, then we must honor and support the Life Principles which are the embodiment of the goals and mission of the MARCH FOR LIFE, and therefore, the goals and mission of Nellie herself. Indeed, they ARE her legacy.

You will recall her mantra at every March for Life: SUPPORT THE LIFE PRINCIPLES/ NO EXCEPTIONS/NO COMPROMISE!

In the very front of the March there are young people, as many as fifty abreast, carrying the March for Life banner and the words SUPPORT THE LIFE PRINCIPLES with the logo of the Capital Building surrounded by the Red Rose, the symbol of the Pre-born Child, whose Right-to-Life we seek to restore through a mandatory Human Life Amendment to the U.S. Constitution.

To the end of her days, Nellie exhorted us to embrace the Life Principle and the Equal Care Concept. Just days after Nellie Gray's death, Raymond Arroyo played a clip on **The World Over** from a previous interview with Nellie on EWTN. There she was in living color, exhorting us even in death, to support the Life Principles and the "Equal Care" concept, recognizing the "equal right to life" of both mother and child.

"Equal care" means that if the life of the mother and her child are mutually endangered, rather than write permission for abortion in the form of an exception clause for the life of the mother, we must stress the need to do what every good doctor always did before the 1973 Abortion Decision. The doctor must do all in his or her power to SAVE BOTH LIVES without making a value judgment on the worth of one life over the other. The medical profession must use all their expertise to save lives and to live up to their promise to DO NO HARM! In this way, we will restore the American medical profession to its high calling as healer and life saver, not life terminator.

While the concept of EQUAL CARE will always be associated with Nellie Gray and the March for Life, and rightly so, I would like to share with your readers a little history of that concept and its origins.

Actually, its origins were from right here in southwestern Pennsylvania. In those early days, Women Concerned for the Unborn Child (later to be known as PCUC), with Mary Winter at the helm, and the U.S. Coalition for Life, headed by Randy Engel, worked together. In many ways, it was a RIGHT-TO-LIFE THINK TANK where ideas were nurtured and shared. I was blessed to have both of these outstanding mentors educating me on some of the most important concepts coming out of the early pro-life movement.

When I, in turn, shared the "Equal Care" concept with Nellie, she readily embraced the idea as a moral and just solution to the problem of writing an "exception" clause in to the U.S. Constitution. Nellie understood that the Right to Life Movement could not and should not be responsible for writing permission for abortion into the U.S. Constitution where there is NO SUCH PERMISSION today. Think about it: would it not be the greatest tragedy of all, if history were to record that it was the Right-to-Life Movement that wrote permission for

abortion into the U.S. Constitution under the guise of exceptions? Remember, the Roe v Wade abortion decision of January 22, 1973 was based on an "implied right to privacy." The word "abortion" itself is found nowhere in the U.S. Constitution. As a lawyer, Nellie understood this, and that is why she could not abide the notion of "compromise."

Remember too that Nellie Gray was a veteran of World War II, and the dreadful lessons of the past would not be lost on her. She wrote, "The Great compromises of our times have not worked! Our Founding Fathers compromised the well-being of slaves and declared in our Constitution that each slave was three-fifths man and two-fifths property.

"Chamberlain went to Munich and gave the Czechoslovakian people to Hitler! Such compromises did not lessen the crisis, stop wars, nor save lives; rather, more lives were lost and the suffering of both victims and defenders was heightened and prolonged.

"Some fundamental values stand by themselves; the Right to Life is one. Perhaps 99% of political issues can be compromised; the Right to Life is not one of them."

Nellie readily embraced the "equal Care" concept as her own. When it came time to sit down and actually formulate the Life Principles before the 1976 March for Life, Nellie Gray and Bill Devlin came to Pittsburgh to further discuss the concept and put it into acceptable legal language.

It has always been deeply satisfying to know the "Equal Care" concept had its roots in our Greater Pittsburgh area. It was our particular contribution to the Life Principles and the goals of the MARCH FOR LIFE, and we hope, our contribution to the restoration of the RIGHT TO LIFE for all Americans, born and pre-born.

As Nellie wrote in the 1976 MARCH FOR LIFE Journal, "The Life Principles are set in the context of our Declaration of Independence which states that the right to life is inalienable and endowed by our Creator. If this basic right is weakened, all other rights are meaningless as the disparagement of the value and dignity of human beings permeates our society and the Laws of our land."

If we truly want to honor Nellie's life's work, we must honor and support the Life Principles as the embodiment of all she worked for over these past 40 years as she led the annual MARCH FOR LIFE.

Rest in peace, Nellie Gray! We pray that we can continue the "Good Fight" that first began some forty years ago around your dining room table when just a hand full of us, seven in all, said "Yes, we will March for Life, so that history would record THERE WAS A VOICE OF PROTEST RAISED IN OUR LAND AGAINST THE KILLING OF THE INNOCENT VICTIMS OF ABORTION.

Little did we know that from SUCH SMALL BEGINNINGS the MARCH FOR LIFE would inspire the millions who join their voices with ours, not only here in the United States, but throughout the world.

We have made this journey through the "moral desert" of our abortion culture for over FORTY YEARS with you at the head of our March. Thank you for your courage and for your faithful and principled leadership; may we follow your example and remain faithful to the very end of our Life's journey as you did before us!

(Submitted by Eileen Vogel, Founding member of the March for Life, on behalf of W.C.U.C., now P.C.U.C.)

TWO RALLIES FOR CONSCIENCE RIGHTS

September 21 and 22 are dates for the third and fourth local **rallies to restore religious freedom.** Thanks to all those who give their time, talent and treasure to keep this issue in front of the public. The people who plan and participate in these rallies are patriots. They will not accede to the demands of those who would remove our most precious rights as people of Faith.

On Friday, September 21, from 7:00-9:00 p.m. at the Bethel Park Community Center, 5151 Park Avenue, BP, speakers will be Dr. Tim Campbell, Brad Tupi, Sam Rohrer, Fr. Scott Seethaler, Don Nixon, Brandon McGinley, Kurt Brown and Deal Hudson.

Saturday, September 22, at Saints John & Paul Church, 2586 Wexford Bayne Road, Sewickley, come and hear Fr. Seethaler, Dr. Campbell, Attorney Tupi and Rector Nixon.

Everyone is welcome. Bring your family.

WAITING ON THE LIGHT

Chris Humphrey is a professional photographer (CHPhotography@verizon.net), and he is the founder and director of Vision for Life-Pittsburgh.

On Friday, November 16, from 7:00 to 9:00 pm, Chris will present his photographic exhibit, "Waiting on the Light," Urban Elite Gallery, 311 South Craig Street, Second Floor, Oakland.

"Photographers often wait for good light, and sometimes subjects seem to be waiting, too, for light that will show more about them. Sometimes the subject is the light itself. This exhibit explores what the photographer found as he waited on the light," said Chris.

All proceeds from the sale of framed art and prints will go to Vision for Life-Pittsburgh, a pro-life 501(c) 3 nonprofit. www.visionforlifepgh.org.

2012 HALO AWARD DINNER

Three extraordinary volunteer groups will be the honored at the annual dinner hosted by Angels' Place, Daycare Center. Angels' Place (formerly Mom's House) was the inspired project of PCUC founder Mary Winter. Angels' Place is a strong refute to anyone who would claim that pro-lifers care for mothers and babies only until they are born.

On Wednesday, October 17, you are invited to honor Senior Connections at Sts. John and Paul Church; the PNC Grow Up Great Program and St. Bernard Parish Martha Ministry. Price is \$90/person or \$850 for a table of ten guests. Call 412-321-4447 to register.

MEET ALVEDA KING IN NEW CASTLE

On Friday, October 26, the New Castle Chapter of PCUC will host a luncheon with Alveda King, the niece of Dr. Martin Luther King as guest speaker. Dr. King is a nationally-known advocate for the unborn.

The Luncheon at the New Englander Banquet Center begins at 11:30, and Dr. King will speak at 12:30. Cost is \$15.00. For information and for reservations call Diane Marcella 724-658-8662.

NETWORK OF LIFE

Women's Choice Network invites everyone to their Fall Fundraising Banquet on Thursday, September 27, at the Chadwick in Wexford. Time is 6:30 – 9:00 p.m. There is no cost for the dinner, but you will have an opportunity to make a donation. For more information and directions call 724-935-0130.

HAVE YOU SEEN THE VAN?

Choices is the pregnancy support center with the VAN that stops on college campuses, near abortion mills and someplace in YOUR community to offer free sonograms for women who are ambivalent about what to do with an unexpected pregnancy. In addition to showing a mom her baby, they offer practical support from a pro-life, God-centered community service. This year their fundraising dinner is on Thursday, November 1, from 6:30-9:00 at the Airport Hyatt Regency. There is no cost for the dinner, but guests will have an opportunity to make a donation to the work of the center. Guest speaker this year is Ryan Dobson, son of Dr. James Dobson. For information and to make a reservation, call Susie, 724-457-1220.

EVERY AMERICAN SHOULD SEE THIS DVD

Produced by Mark Crutcher, MAAFA 21 presents evidence we have never seen before about the marriage of the American eugenics movement and its tragic counterpart in Europe in the late 1930s and 1940s. The quotes from famous Americans that have until now escaped our ears uncover hate and prejudice in the highest office of the land. The program lasts about 90 minutes, so you might want to watch it in two or three segments.

Call PCUC if you would like to borrow or purchase a copy of **Maafa 21**. We recommend it to every pro-life teen and adult. To read more about it before you see it, go to Life Dynamics' website, www.lifedynamics.org.

NEWBORNS IN NEED

Most heartbreaking of all the items they provide for is the beautiful, tiny layettes for the babies who need only one last outfit and blanket to be snuggled in. Many babies are born too soon, and clothing small enough to fit cannot be purchased. NIN volunteers sew what is needed at work meetings. They also have patterns that are specifically for babies from eight ounces in weight up to newborn. Newborns in Need is a non-profit charity that donates baby items to hospitals, homeless shelters, crisis centers, county health units, sheriff offices and any organization that provides for the needs of premature and newborn babies who are sick or in crisis. Newborns in Need has many chapters coast to coast. Local connection is swpa@newbornsinneed.org.

WE HELP WHERE WE CAN

PCUC gratefully accepts donations of baby and toddler clothing and furnishings even though we are not a pregnancy center, *per se*. We are glad to have these donations because we frequently can assist a family or a young mom in situations where she may “fall through the cracks.” Recently a caring family member brought a young mom to the office. The young woman has two small children, one with a medical problem that will follow him all his life. We were glad to help. About two weeks ago a woman who takes care of newborns when they must leave the hospital but their mom cannot give them the care they need. That caring lady called us because she has four newborns who must have all the basic stuff that every newborn needs.

When we gathered all we could, we filled the van of one of our volunteers so she could make the delivery. We are so glad that generous moms and grandmothers think of us when their little ones grow out of their clothing, car seats, strollers. Donations of diapers and wipes are welcome, too.
