### BANQUET RESERVATIONS BY SEPT 20

Teacher, philosopher, orator and man of great Faith, Alan Keyes rose from humble beginnings to become one of our country's greatest scholars. He earned his doctorate from Harvard.

Early in his career, Keyes joined the State Department, working with U.N. Ambassador Jean Kirkpatrick. His posts included Mumbai, India and Zimbabwe. President Reagan appointed Keyes to several diplomatic positions, knowing he would represent the highest principles of our beloved Republic.

Keyes has run for public office several times; his campaigns have always been strongly pro-life.

We are pleased and proud to have Alan Keyes as the main speaker at our annual Celebrate Life Banquet on Sunday, October 5. **Please see the reservation form on page 8.** If you have questions, call Kathleen at the PCUC office, 412-531-9272 or Claudia, 724-799-5904

### CASEY SPONSORS PRO-ABORTION BILL

On July 15, Casey co-sponsored the pro-abortion S.2578, "Protect Women's Health from Corporate Interference Act." The bill is designed to overturn the Supreme Court decision that said the owners of Hobby Lobby and Conestoga Wood Specialties should not be forced to violate their religious beliefs by providing abortion-causing drugs and devices to their employees.

### WIN TWO STEELER TICKETS

Thanks to the generosity of former Alleg. Co. Commissioner Bob Cranmer, we will have a drawing at our Banquet on October 5 for two tickets to the game with Kansas City on Sunday, December 21. Seats are "Club East, Row D, Section 207, Seats 19 & 20." Their value is \$434.00. Send your donation (\$5.00/each or 5 tickets for \$20.00) to 3050 Pioneer Ave., Pgh., PA 15226, or stop at the office or call and we can tell you who has tickets. All proceeds go PCUC Educational Programs.

## GATES FOUNDATION DECEIVING WOMEN

Funding for development of a contraceptive microchip that can be remotely controlled to release hormones that can act as abortifacients into a woman's body for up to 16 years is funded by the Bill and Melinda Gates Foundation.

The 20 x 20 x 7 millimeter chip [ ] has potential to take a life and the potential privacy concerns have drawn criticism.

The technology was originally intended and tested to release osteoporosis medication in elderly women, but the focus of the research changed when Gates and the researchers learned the technology could be used to achieve contraceptive targets in the developing world, indicating "a humanitarian application as opposed to satisfying a first-world need."

But numerous studies indicate that levonogestrel, the hormone used in this chip and in the morning after pill, has a strong anti-implantation effect, meaning it acts in part by preventing a newly conceived embryo from implanting in his/her mother's uterus.

It is sad to see reporters promoting this effort of the Bill and Melinda Gates Foundation without mention of the harm done while promising "empowerment" to women. It isn't reporting. It's propaganda.

## NEW YORK DECLARES WAR ON CHILDREN

On July 17 all Health Departments in New York announced a new initiative to increase access to contraception "immediately after childbirth."

The anti-child mentality that marks Western nations has risen to a new level in NY City, the abortion capital of the U.S.

The idea that government is now in the business of arm-twisting women not to have children "immediately after childbirth" is morally obnoxious and socially disturbing. This is the city where the mayor lusts for abortion rights while at the same time showing a maniacal concern for alleged mistreatment of carriage horses in Central Park. ## FALSE GODS, SILLY SACRAMENTS

In 2002, Dr. Peter Kreeft wrote that “abortion is the sacrament of the sexual revolution.” From the pro-life perspective, it was a direct hit, but from the pro-abortion angle, the response might be, “What need have *we* of sacraments or religion?”

Let’s not forget the publication in 1992 of *The Sacrament of Abortion* by Ginette Paris wherein she claims that abortion is a sacred act, a sacrifice to Artemis. Artemis is both a protector of wild animals and a hunter. Paris claims that a mother properly cares for life and has full power over life and death. If “mother” believes that a baby must escape an “unfriendly life,” the loving thing to do is kill him.

In 1982 Anne Nicol Gaylor penned *Abortion is a Blessing*. The **Freedom From Religion** foundation published high praise from Gloria Steinem and Betty Friedan, who said Gaylor “articulates the anger of all feminists with a society that is attempting to subvert the U.S. Supreme Court decision legalizing (sic) abortion.”

Let’s not forget their “patroness,” Margaret Sanger and their daily icon, the oral contraceptive.

## WEBCAM ABORTIONS HALTED

Operation Rescue and Iowa Right to Life have confirmed that Planned Parenthood of the Heartland has halted webcam abortions in Cedar Rapids, Iowa. In webcam procedures, abortion pills are dished out over an internet connection by an abortionist who briefly interviews the prospective abortion patient. After the consultation, the abortionist pushes a button on his computer screen which releases a drawer in front of the woman. The women never receive even a simple physical exam, and the abortionist is not available to the woman in case of complications.

## LOVE WELCOMES UNPLANNED BABY

Congressman Bill Cassidy (R-LA) announced on July 3 that his unwed daughter is pregnant, and her baby is due sometime this summer. His announcement, “Earlier this year, Laura and I learned we will become grandparents this summer. Our children have been the greatest blessing of our lives and we welcome our grandchild as a joyous addition to our family. Our daughter now faces a more challenging future than her peers. She has our unconditional love and support.” Cassidy has a 100% pro-life voting record. He is challenging Senator Mary Landrieu, who has a 100% pro-abortion voting record. They are tied in the polls.

## YOU CAN’T HAVE IT BOTH WAYS

“Keep the government out of my bedroom!” is the mantra of the radical feminists. Now they add this little ditty, “Birth control is not my boss’s business.” So why can’t these people make up their minds? They say they want to be left alone with their reproductive “choices,” yet they demand that the rest of us pay for their pleasure toys, chemicals and surgery.

Let’s pray for some leaders who understand English and **really** leave these women alone.

## A PLACE FOR MOM – NOT SO FAST

You’ve probably seen the very nice ad featuring TV host Joan Lunden saying, “You can trust A Place for Mom to help you.” Lunden is selling a free national service that helps “seniors and families like yours make informed decisions, save time, and feel less alone as they search for senior care and senior housing.”

But that is not the only “help” A Place for Mom (APFM) has been touting lately. On February 26, APFM—which claims to be “the nation’s largest assisted living referral service”—posted an article on its blog website promoting the assisted-suicide activist group Compassion & Choices (C&C), specifically the group’s Washington State chapter that successfully campaigned for legalized doctor-prescribed suicide in 2008.
