NEWSLETTER

Vol. 43 No. 1

WELCOME REV. DR. JOHN GUEST

On Saturday, January 17, at the Comfort Inn at the RIDC Park on Rt. 28, Pittsburgh 15238, Dr. Guest will be the main speaker at our Prayer Breakfast for Life.

NOTE: THIS IS A NEW LOCATION FOR OUR BREAKFAST. BE SURE TO CHECK THE

RESERVATION FORM FOR DIRECTIONS FROM ALL AREAS. SEE PAGE 8 FOR FULL DETAILS.

40 DAYS FOR LIFE

THE BEGINNING OF THE END OF ABORTION

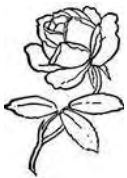

February 18 – March 29, 2015. Join us and invite your family and friends. Invite your pastor. Our time of prayer in front our city's largest abortion mill is a peaceful, prayerful and **proven effective** campaign that has saved lives, led to conversion of abortion workers and seen 59 facilities close.

Join us for our KICK-OFF on Tuesday, February 17, at 7pm at First Presbyterian Church, 320 Sixth Avenue, downtown.

See page 4 for details about the

MARCH FOR LIFE – 2015

Mary Lou Gartner has been our March for Life coordinator in southwestern PA for more than 40 years. She coordinates the buses, schedules meetings with our members of Congress and stays in close contact with March for Life Headquarters so our pro-life family is the best-informed and best-equipped to fully participate in every aspect of the March. Thank you, Mary Lou!

PP “PRIVILEGE” CHALLENGED IN COURT

On December 3, five local pro-life citizens challenged the ordinance that prevents them from approaching the doors of Planned Parenthood on Liberty Ave., downtown.

Elissa Graves, the attorney with Alliance Defending Freedom, told the judge that the buffer zone “bans more speech than is necessary.” Nikki Bruni stated that the yellow arc in front of PP stops her from having in-depth conversations with women about alternatives to abortion. Kimberly Evert of PP said she received complaints from patients who said they had been assaulted or harassed.

U.S. District Judge Cathy Bissoon heard more than three hours of testimony. She gave both sides until December 19 to reach a compromise. If they can't, the attorneys will have 30 days to file legal arguments before she rules.

The Pittsburgh case follows a similar case in Boston in which the U.S. Supreme Court voted 9-0 to strike down a similar law in MA. In that case, the Court suggested, the burden that the law imposes on the plaintiffs in this case is significant: talking to someone on the sidewalk and handing her a pamphlet in the hope of convincing her not to have an abortion is exactly the kind of speech that the First Amendment protects.

PRO-LIFE RETREAT IN FEBRUARY

PCUC invites you to set aside the weekend of February 13-15 for a spiritual retreat at St. Emma Retreat House in Greensburg. Private rooms, all meals, time to pray as a group or alone, indoors or outside on the beautiful, quiet pathways.

Time for Mass, confession, conferences. Vespers with the Benedictine Nuns and blessed rest. Cost: \$150. Call the office if you are interested. 412-531-9272.

PRO-LIFE HEROES GO HOME

When our beloved pro-life friends, whose heroic, selfless actions were crucial in saving the lives of tiny preborn babies, we are sad at their dying, but we know they will not stop praying for an end to abortion.

Bill Cleary's was a familiar face in many rescues. From his 68th year until he was 83 when he could have rested from his labors, he shouldered a new burden. Bill, Alice

Jean Chester and Loretta Gilch frequently prayed at the doors of Planned Parenthood. (All are in photo.)

Catherine Nedzesky died October 10. She was a familiar face at PCUC with the gang from St. Gabriel of the Sorrowful Virgin. For many years they came to stuff, seal and label the PCUC newsletter before Joan Derrick took it to the North Side Post office.

Arleigh Eddy died on November 7 in Parker, PA. She was a strong and dedicated rescuer whose Faith shone in her love for God's children and compassion for mothers, as well as the personnel at local abortion mills.

We send our love and deepest sympathy to Mark and Linda Messineo Yurko. Their daughter, Nicole, age 29, died on November 15. Mark and Linda were part of the rescue movement. Their prayers and sacrifices led to the saving of precious lives.

FANTASTIC ELECTION RESULTS

This report is from Mary Lou Gartner, Secretary of LIFEPAAC. We are disappointed that Governor Tom Corbett lost. He was pro-life and deserved to win. But otherwise we were very, very successful. All four of our pro-life Congressmen won and won big. Congrats to Mike Kelly, Bill Shuster, Keith Rothfus and Tim Murphy.

The Pennsylvania Senate had two vacant seats and both were won by pro-lifers Pat Stefano, District 32 and Michelle Brooks, District 50. Randy Vulakovich did not have opposition and pro-life Camera Bartolotta upset Senator Tim Solobay. We have a stronger pro-life PA Senate as a result - Congrats!!

In the Pennsylvania State House all the pro-life listed incumbents won re-election. Pro-life Jason Ortity upset pro-abortion Jesse White in the 46th district. All four open seats in southwestern Pa were won by pro-lifers: Ted Nesbit, District 8; Parke Wentling, District 17; Ryan Warner, District 52 and Cris Dush in District 66. Congratulations and thanks to all the pro-life voters who made this election so successful.

SURGICAL SUCCESS WITH STEM CELLS

Four years after he was paralyzed by his wounds, Darek is now walking, thanks to the work of a Polish surgical team led by Professor Geoffrey Raisman.

We now believe the procedure used on Mr. Fidyka “is the breakthrough which will result in historic change in the currently hopeless outlook for people disabled by spinal cord injury.” *Call PCUC for sources.*

Sooner or later, the historic breakthroughs in ADULT stem cell surgery will force the quacks who use our tax money to look for cures with embryonic stem cells to admit they have failed.

TERRIFYING NEWS?

In July NARAL (National Abortion Rights Action League) sent out an email saying it would be “terrifying” if pro-life forces took control of the Senate in November. NARAL lamented that Sen. Mitch McConnell

specifically promised to push legislation to ban abortion after 20 weeks...” What Sen. McConnell spoke about is the Pain-Capable Unborn Child Protection Act, the law that would protect unborn babies from the excruciating pain of an abortion done after the baby is developed enough to feel pain. *Funny, the NARAL email didn't mention pain.*

If you wanted to write a letter to a public official, do you have the name address and phone number of your state representative, your state senator, your Representatives in Congress (2 Senators) and the President? Call the PCUC Office 412-531-9272 for help.

“I DIDN'T KNOW THAT”

“Why Didn't Somebody Tell Me the Truth?” is an anthropological, biological explanation of a woman's body and the effect of her cycle on her behavior. It's an eye-opening flyer that every female and male should read and understand. Call the office for your copy.

MARCH FOR LIFE 2015

The **March for Life** is a peaceful demonstration to share the truth about the greatest human rights violation of our time, legalized abortion on demand. It continues annually as a testament to pro-lifers' perseverance and strong dedication to the cause of Life.

“Every Life is a Gift” is the theme for the **March for Life** on Thursday, January 22, 2015. It draws attention to the preborn populations that are at the greatest risk for abortion: those who receive a prenatal disability diagnosis. Events begin with a rally on the National Mall at noon. Then we march to the US Supreme Court to hear testimony from women who regret their abortion. Meetings are scheduled with our elected officials to present petitions and requests for an end to this tragedy.

In Pittsburgh our Prayer Breakfast for Life is at 10 am on Saturday, January 17, at the **Comfort Inn in RIDC Park (new location)**. See p. 8 for reservation form. Our program includes a complete breakfast, prayer, song and a homily by Rev. Dr. John Guest.

On Saturday, January 17, at 6 pm, Beaver PHL will have their Annual Respect Life Memorial Service at the Gazebo in the Park. Program includes prayer, songs, reading of a proclamation, lighting luminaries and a candlelight procession to a local church with speakers, refreshments and pro-life displays. **Info at 724-728-3235.** Lawrence County PCUC will hold their “Light a Candle for Life” Prayer Vigil on Wednesday January 21, at 6:30 pm at Kennedy Square. They will light luminaries followed by a Prayer Service at a local church. **Info at 724-658-8662.**

In Washington, DC, there will be many activities associated with this March for Life. The Renaissance Hotel at 999 Ninth Street NW is the new HQ where there are displays and the Rose Dinner. **More info at www.marchforlife.org.** The Archdiocese of Washington sponsors a Mass at the Shrine of the Immaculate Conception on Wednesday evening and on the morning of the March. Many SW PA groups will have services at the many chapels at the Shrine. Youth Rallies start at 7:30 am on Thursday at the Verizon Center and the Armory. This year another rally has been added in Fairfax, VA.

After the March, we will “march for life” in our home communities. Each person can make a difference and there are many ways to be involved:

- *Support and participate in 40 Days for Life
- * Support local Pregnancy Support Centers
- * Pray
- *Train as a Sidewalk Counselor
- * Start a pro-life group at your church or school
- * Support pro-life public officials and candidates

GARDASIL - NOT WHAT YOU THINK

Menopause...at 16. You read that right. Maddie and Olivia Meylor will never be able to have their own children. Both went into “premature ovarian failure”—a condition that causes the ovaries to stop producing eggs. The reason? Each girl received three Gardasil shots.

Gardasil is sold by Merck. It is touted as a vaccine that will prevent a certain type of cancer, but some side effects of the vaccine are dangerous, even deadly. The Centers for Disease Control (CDC) defends Merck, saying they “found no reason to be concerned” about premature ovarian failure, and they will monitor the condition.

We suggest you go to your favorite search engine. The list of articles relating the dangers and problems with Gardasil will knock your socks off.

ABORTION RAISES CANCER RISK BY 626%

A study by doctors based at the All India Institute of Medical Sciences shows that women who get an induced abortion are 626% more likely to have breast cancer compared to women who carry their pregnancy to term and have the baby. Also, women who have had more abortions are more likely to have cancer.

Their report, published in the INDIAN JOURNAL OF CANCER confirms that an abortion weakens the breast’s muscle tissue in a way that makes it more susceptible to cancer.

NAME CHANGE

Tri-City Life Center recently changed their name to TryLife Center, but the life-affirming programs of this agency in Lower Burrell are as strong as ever. Need help? Go to info@tricitylife.org.

CLOSED DOORS SAVE LIVES

The 5th U.S. Circuit Court of Appeals rules that TX strong pro-life laws can be enforced, and within days, 14 of the state’s 23 abortion mills are closed. The law says abortion facilities must meet the same standards as ambulatory surgical centers. In Pittsburgh five of seven abortion mills closed at passage of a similar law.

PLEASE HEED OUR MESSAGE

Bob Newman is one of the faithful men and women who are on the sidewalk near the doors of Planned Parenthood at 7 a.m. on Tues., Fri. and Saturday, the days when abortions are on the schedule at 933 Liberty Avenue. Nobody pays them to stand there. They watch and pray in every kind of weather. Most passers-by act as though they are invisible. Once in a while they hear a “God bless you.” Some comments are downright nasty. Our friends won’t go away, no matter what message they hear. If you would like be a “watchman for life,” call Bob (412-835-8127). He’d like to meet you

COMPASSION & CHOICES = COERCION

“It can’t happen here,” has become the mantra of many who do not want to deal with impending tragedy. Sen. Daylin Leach (SB1032) and Rep. Mark Rozzi (HB 2548) introduced their “assisted suicide” bills. Leadership in both houses of the PA General Assembly says the bills will “go nowhere.” So then we can ignore them? No way! Look at other states where the citizenry thought “It can’t happen here.”

In CA, CO, CT, MD, MA, NJ, MT, OR, NM and VT, C&C (Compassion & Choices) is busy promoting right to die bills, and they won’t give up on PA. Let your state senator and state rep know that assisted suicide must NEVER be legal in PA. Call the office if you need a name or number.

JEAN ROGAN HONORED

Jean with her husband and friends and colleagues in 2012.

In November the New Castle Chapter of PCUC honored the lady who founded the chapter 40 years ago. Jean Rogan took the pro-life principles of PCUC and the March for Life to Lawrence County. There, a faithful, determined and savvy group of men and women labored to teach, promote and help people discover the beauty of innocent human life.

Each year the New Castle Chapter joins the Knights of Columbus for a spaghetti dinner fundraiser. In 2013 they invited clergy from all over the county for a luncheon with Dr. Alveda King, niece of the Dr. Martin Luther King. In 2014 their guest speakers were leaders from the PA Pro-life Federation in Harrisburg.

Our pro-life family is pleased to have this valiant pioneer as our leader. Jean, you are a blessing to all.

KENYA'S BISHOPS FIND BIG LIE

Kenya's Catholic bishops are charging two United Nations organizations with sterilizing millions of girls and women under cover of an anti-tetanus inoculation program sponsored by the Kenyan government.

According to a statement released Tuesday by the Kenyan Catholic Doctors Association, the organization has found an antigen that causes miscarriages in a vaccine being administered to 2.3 million girls and women by the World Health Organization and UNICEF. Priests throughout Kenya are advising their congregations to refuse the vaccine.

"We sent six samples from around Kenya to labs in South Africa. They tested positive for the HCG anti-gen," Dr. Muhame Ngare of the Mercy Medical Centre in Nairobi told LifeSiteNews. "They were all laced with HCG. Source LifeSiteNews. Call PCUC for article.

CHLOE'S LAW = ACT 130 OF 2014

In July Gov. Tom Corbett signed into law the Down Syndrome Prenatal & Postnatal Education Act or "Chloe's Law." Sen. Randy Vulakovich and Rep. Jim Marshall of Beaver introduced the bill in the PA Senate and House.

Under the Act, the Department of Health will make available up-to-date, evidence-based information about Down syndrome that has been reviewed by medical experts and national Down syndrome organizations. The information will include physical, developmental, educational and psychological outcomes; life expectancy; clinical course; intellectual and functional development and treatment options. It will also include contact information for First Call programs, support services, hotlines specific to Down syndrome, relevant resource centers, clearinghouses and national and local Down syndrome organizations.

JASON JONES COMING TO PITTSBURGH

Sunday, September 20 = PCUC BANQUET

Jason Jones is the Hollywood movie producer who travels the country proclaiming the pro-life message. Jason was the producer of **BELLA**. Jason has first-hand experience regarding the effect abortion

has on a man. His most recent movie is **CRESCENDO**, the story about how he became pro-life. His message enlightens and changes hearts.

GRUBER'S ARROGANCE UNMASKED

“Jonathan Gruber is no run-of-the-mill advocate of women's rights; no,” said Austin Ruse, international pro-life advocate. “He's on record repeatedly making the case from social science that

abortion is a ‘social good’ because it reduces the number of ‘marginal children,’ by which he means the urban poor—those he says can be counted on to commit crimes if they were ever born.

“Gruber co-authored a paper during the Clinton years which argued that legal abortion saved the U.S. taxpayer upwards of \$14 billion in welfare benefits and that it also lowered crime,” said Ruse.

THINKING AHEAD TO SPRING, TRA-LA

If you start your spring clean-up right after January 1, don't forget we will be asking for donations for our annual rummage sale in the spring. One man's junk is another's treasure.

PRO-LIFE 18-YR-OLD WINS IN WV

“I believe that life begins at conception, so I consider abortion the act of taking human life,” she states. “We should not spend our tax dollars to fund such procedures. I've been blessed with life and I believe every child should have that same opportunity.”

Saira Blair is an 18-year-old freshman at WVU. She is America's youngest elected lawmaker as a delegate to the WV House. She got 63% of the vote.

“AMERICAN WAR CASUALTIES” REVISED

Almost since PCUC was founded (as WCUC) we've distributed tens of thousands of yellow cards with tiny crosses. Each cross represents 50,000 casualties from every war in which

America has fought from the Revolutionary War to Vietnam. Now we have been blessed by the skill and attention to detail of John Lewandowski. (here with his mom). John updated the statistics on abortion and changed the crosses to hearts. We can only imagine the loss of the love and human potential of the 50,000 babies each heart represents.

Call the office (412-531-9272) to order a quantity for your respect life group or pamphlet rack at church.

PLANET FITNESS IN FL BANS SHIRT

As he had often done in the past, Mike Amoroso wore his “Abortion Kills a Person” T-shirt to Planet Fitness. This time, he was told to leave. The next day

he showed up with “PRAY TO END ABORTION” on a bright gold shirt. He was booted again.

The mission statement, binding on all PF franchises says, “We at Planet Fitness are here to provide a unique environment in which anyone—and we mean anyone—can be comfortable. As we evolve and educate ourselves, we will seek to perfect this safe, energetic environment, where everyone feels accepted and respected.” But not Mike! He was censored by a PF employee. Too bad.
