Vol. 47 No. 3

### THANK FOR PRO-LIFE VOTES

**Mike Turzai & Judy Ward** led the PA House of Representatives to a vote to protect preborn babies

diagnosed with possible Down syndrome. The vote was a great step forward in our goal to see that children who are diagnosed with Down syndrome are protected here in Pennsylvania.

#### **HB 2050 passed with a vote of 139-56.**

Please thank Representatives who voted YES:

**Bernstine, Christiana, Cook, Deasy, DeLuca, Dowling, Dunbar, Dush, Ellis, English, Evankovic, Nelson, James, Kortz, Kulik, Longietti, Maher, Markosek, Marshall, Matzie, Metcalfe, Mustio Nelson, Nesbit, Oberlander, Ortitay, Petrarca, Pyle, Readshaw, Reed, Reese, Saccone, Sainato, Snyder, Turzai, Walsh, Warner and Wentling.** Call PCUC for their phone or email.

We are disappointed that these local reps voted NO = PRO-ABORTION: Dom Costa, Paul Costa, Davis, Dermody, Frankel, Gainey, Miller, Ravenstahl, and Wheatley. Call them and ask why they think it's OK to kill babies with one more chromosome than the rest of us. \* \* \* \* \*

Nick is a best-selling author, commentator and founder of FLAG (Foundation for Liberty and American Greatness), the leading voice for American pride. You can get to know him better on his FACEBOOK page and by reading his books. We look forward to introducing him to the Pittsburgh pro-life family. We'll have lots more in our July-August Newsletter. Don't miss it!

### LET'S DISQUALIFY ABORTIONISTS!

Three lawmakers are collecting their colleagues' signatures on a letter to Alex Azar, HHS Secretary, calling on the department to make any entity that offers referrals for abortions ineligible for taxpayer dollars. The letter argues that the existing HHS rules are inadequate to prevent Americans' tax dollars from supporting the abortion industry. Circulating the letter are Representatives Ron Estes (KS), Wicky Hartzler (MO) and Chris Smith (NJ). All are Republicans. Call YOUR U.S. Representative and urge him/her to sign this letter. Call PCUC if you need a name or number.

## THIS WAS "YEAR 46"

Despite inclement weather, the group that prayed at Planned Parenthood on *Good Friday* was a fine mixture of young and old. Thank you to families who brought their children. We know God heard us. Thank you to everyone!

## STUDENTS WALK OUT FOR LIFE

Despite knowing they faced detention for their action, two Mount Lebanon High School students joined The National Pro-Life Walkout at 10 am to 'honor all the lives of the millions of aborted babies every year.'

They were joined by a small group of supporters who agreed that the walkout honored the classmates who were not in school because they were aborted.

The students left class to gather for 17 minutes of silent witness, and then they returned to class. We applaud their courage and initiative.

## PRIMARY ELECTION TUESDAY: MAY 15

In the Primary Election, you can vote only for candidates in the party in which you are registered. Every vote is important. If a "light turnout" is predicted or if the weather is lousy, **YOUR pro-life vote is even more important.** LIFEPAC's list of candidates who responded with pro-life answers to the questionnaire is listed on pages 3-4 of this newsletter. You can take this list into the polls and the voting area.

For additional copies of the LIFEPAC flyer, call Mary Lou 412-793-0807.

## REAL PRINCESSES

Recently, Planned Parenthood tweeted, "We need a Disney princess who's had an abortion." Deanna Falchook, former Disneyland performer of Cinderella and Sleeping Beauty tells her real-life story in an article called, "I was a Disney princess and I had an abortion." (Medium.com) At age 18 and while working at Disney, Deanna became pregnant and aborted her baby. She immediately began to regret her abortion and quit her >>

**Thank you, Tennessee Governor Bill Haslam who signed a bill to cut off all funding to all abortion facilities.**

## "FAKE CLINICS" = FAKE NEWS

Amy Scheuring, Executive Director of Women's Choice Network, reports that there is a concerted effort to attack pregnancy support centers in Pittsburgh. A website called ExposeFakeClinics.com has support from pro-abortion activists. They claim that any agency that does not provide or refer for abortion is "fake."

The reality is that medical pregnancy centers—those offering ultrasound and STD testing—are shown to be the most effective strategy to empower women to choose life. Within the last six months, Amy reports that Pittsburgh pregnancy centers have had fake client visits (paid actors posing as real clients), daily rounds of negative reviews from people who have never visited local clinics and defamatory tampering with their website.

Those of us who know the first-rate services our local centers provide as well as the strong, faith-filled people who work there must tell the real story. These attacks are the actions of a movement that is desperate. We must realize that if these attacks do harm to one agency, then others will be in danger, too. Let us work to defend our allies with truth and constant prayer.

## BABY EMMA NEEDS A JEWISH HOME

Cecily Routman of the Jewish Pro-Life Foundation reports that there is a need for a Jewish adoptive home for baby Emma. Emma is an adorable two-month-old baby with light brown hair and blue eyes. She was recently diagnosed with Down syndrome. At birth, Emma weighed six pounds, eleven ounces. She has no reported medical complications and was in the well-baby nursery after birth. She recently had her first smiles. Her parents are looking for a loving Jewish home. For additional questions, contact our Adoption Team at 212-400-8150 or [asap@spence-chapin.org](mailto:asap@spence-chapin.org).

>>job, consumed with grief and unable to reconcile her decision within herself. She eventually did find healing and married her "prince." After having two children of her own, she became an advocate for orphans and adopted five children from Guatemala, Ethiopia and the Ukraine. Deanna ends her article, "Maybe the reason Planned Parenthood wants to rewrite the princess stories is because stories of evil witches in pursuit of killing off beautiful princesses has already been told. I guess they don't like that part of the story."

## ATTACK AT TRYLIFE CENTER

International Women's Day (IWD) has been observed for more than a century, bringing attention to various women's causes. This year, during the early morning hours of March 8, the official IWD, a copper pipe with a message proclaiming International Women's Day, and signed by a radical women's group, was thrown through our entrance, shattering the glass door. Interestingly, TryLife Center, with an all-female staff, opens its doors every day to young women facing obstacles most of us will never know. Obviously the battle for life continues to intensify.

## WALMART TAKES A GOOD 1<sup>ST</sup> STEP

Walmart is removing the sex-obsessed, pro-abortion magazine "Cosmopolitan" from its checkout shelves. The decision was made after considering concerns raised by parents and conservative groups about the content of the magazine.

Cosmo regularly advocates for abortion. It has criticized late-term abortion bans and justified eugenic abortions of disabled unborn babies. It has blasted pro-life pregnancy centers for helping women understand abortion risks and alternatives. It has allowed countless women to justify aborting their unborn babies for any reason at all. Last year, columnist Jill Filipovic even flat out stated that abortions are good because they mean "better sex." *Source LifeNews.com, 3-29-18*

## OREGON SLIDES DOWN

Oregon lawmakers must know that their state is among the most dangerous places in American for people to live. Both houses of the legislature—by party-line votes—have sent to their liberal governor a bill to allow starvation and dehydration of vulnerable Oregonians with illnesses such as dementia and Alzheimer's. Called an amendment to Oregon's "advance directive form," the proposal puts the burden of option on the individual, not the medical provider. Rather than barring the removal of nutrition and/or hydration unless an advanced directive signed by the patient gives permission to withdraw food and water, the proposal would *authorize* such an act of aggression unless the patient—while in a mentally competent state—expressly disallowed forced dehydration and/or starvation. *Source: Life Advocacy Briefing, 3-19-18*

## MAGEE PROJECT NEEDS YOU!

Meredith Parente leads a prayer campaign that will, with God's help, inspire the administration at Magee Womens Hospital to cease the practice of abortion.

Between the spring and fall "40 Days for Life" vigils at the doors of Planned Parenthood, we are asked to offer prayers on behalf of our area's largest maternity hospital. Magee has a fine Neonatal Intensive Care Unit, and within its walls medical teams save lives, repair broken bodies and treat cancer. So it is sad to realize this is a place where babies are taken to be aborted, some in the later stages of pregnancy when they could live, thrive and make the world a better place.

Please decide soon to make a date for one hour per week at Magee a special prayer time for your summer. Connect to Meredith at [themageeproject@gmail.com](mailto:themageeproject@gmail.com).

## BABY RESCUED FROM DRAIN

According to news reports from South Africa, the baby was left in a drain, but a woman who was out for a walk found the child. Police say the baby was left there deliberately, making it clear that the baby's mother or parents hoped the baby would die.

Even more amazing: 1) The baby was abandoned naked six feet underground in a freezing storm water drain in the midst of a colony of stinging red ants.

2) Charmaine Keivy, 63, was out for a walk with her dog when it suddenly began barking loudly at a drain duct in the gutter. 3) A catering company boss who came on the scene said she thought it was a cat mewing, but when she got on her hands and knees realized it was a baby crying inside the drain. 4) Charmaine began waving down passing cars until motorist Cornie Viljoen pulled over. Viljoen grabbed a steel bar from the trunk of his car. He and Charmaine managed to remove the heavy concrete slab covering the storm drain so they could look inside.

The baby was taken to a hospital. Police were called. They began a search to try to find the mother. The hospital staff called the baby Grace April.

The tragedy sparked a conversation in the community about the importance of telling women about pregnancy centers, shelters and churches. *Life News, Apr. 2018*

## PRAY FOR IRELAND

Ireland is scheduled to vote in May on whether to repeal its Eighth Amendment, which protects unborn babies' right to life. If the amendment is overturned, the country could see abortions legalized for almost any reason up to birth.

In a letter hand-delivered to Irish Prime Minister Leo Varadkar, 17 pro-life leaders asked him to consider how many women and children have been spared from pain and death because of Irish pro-life laws. They estimated 100,000 children have been saved from abortion in Ireland.

Ireland is seen as a beacon of life for the world. Anti-life forces are carrying out a campaign to change Ireland to just another pro-death country. Their "theme song" is that if Ireland's law changes, it will be easy to defeat pro-life laws everywhere.

Recently, as liberal publications were predicting a victory for abortion in Ireland, a correspondent from Ireland reported in **Our Sunday Visitor** that the anti-life campaign was bought and paid for by millionaire George Soros.

The pro-life movement in Ireland is young, vigorous and Faith-filled. Let us pray that this beautiful island where the Faith has been preserved for many centuries will hold tight to its protection of God's little ones.

### JANET MORANA: RECALL ABORTION

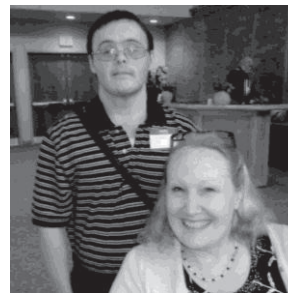

We have at the PCUC office several copies of Janet Morana's highly praised book, **RECALL ABORTION**, that she hopes will "end the abortion industry's exploitation of women." Let us know if you would like a copy. We can send it to you for a donation of \$5 that includes postage, or you can stop at the office. We will be glad to see you. **CALL 412-531-9272 BEFORE YOU COME, JUST IN CASE.**

## WE LOBBIED IN HARRISBURG

On the day that pro-life members of the PA House held a rally on the steps of the PA Capitol to introduce HB 2050, PCUC joined grass roots friends as well as representatives from pro-life, pro-family groups from all over PA to lend support and encouragement. Among those at the rally were Chloe and Kurt Kondrich. *Chloe's Law*, which provides information, education and support to mothers whose babies are diagnosed with Down syndrome, was signed by Gov. Tom Corbett and enacted in 2014.

## VOLUNTEERS FOR LIFE

When you open your PCUC Newsletter, be sure to remember that Joe Derrick (on left) was part of the team that stuffed, sealed and went to the post office to get it to you. His pal, Mary Kay, is famous for the beautiful, tasty chocolate treats she always donated to PCUC for special events.

## CLOSING OF 40 DAYS FOR LIFE

On Palm Sunday we thanked God for His

blessings on our spring vigil at the Planned Parenthood abortion mill on Liberty Ave., downtown Pittsburgh. Rev. W. Joseph Stump led us in

prayer and song. Accompaniment was provided by Randy Koslosky and his wife, Lisa.

After prayer, we walked the short distance to Catholic Charities where we ate, laughed and relived special moments. Many thanks to Nikki Bruni and her crew, as well as our shift managers who made 40 Days for Life a pleasure and a privilege.
