BREAKFAST SPEAKER: FR. SCOTT SEETHALER

Beloved since our beginning, Fr. Scott has been with PCUC throughout all of our joys and sorrows. He has been our friend and trusted advisor.

We are delighted that he will be the main speaker at our Prayer Breakfast on Saturday, January 18, at the Chadwick.

Fr. Scott is a Capuchin-Franciscan who recently retired from a whirlwind lifetime as a preacher, teacher, counselor, radio star and spokesperson for the Anna Seethaler Hospital in Oaxaca, Mexico, named for his mother. We are eager to hear what he's doing these days. See the reservation form on page 8.

PCUC RECOGNIZED BY PA HOUSE

PCUC is delighted for the recognition of our "50 years of dedicated work as Pennsylvania's oldest and largest grass roots pro-life organization."

We are grateful to Rep. Mike Turzai, Speaker of the House of Representatives, for the Certificate of Recognition

"Honoring its Fifty Years Defending the Lives of the Unborn." We are thankful for the leadership and support given to so many pro-life efforts by Rep. Turzai.

CONOR LAMB ENDORSED BY PP

How sad and disappointing that a first-time U. S. Representative who brags about his Faith and Central Catholic High School connections has such a pro-abortion record that he is endorsed by the biggest, deadliest abortion provider in the world, Planned Parenthood. Let us pray for Congressman Conor Lamb.

MARCH FOR LIFE 2020

MONEY VS PRAYER – WE WILL WIN!

Planned Parenthood vows to spend \$45 million in 2020 to elect abortion-rights candidates"- (Fox News) We can see that as an act of *bravado*—bragging about how wealthy they are—or we can translate it as a cry of desperation—a realization that they are about to be put out of business for their deeds of death to human life and destruction of our culture. Let us count on the latter and let us show the world and Planned Parenthood that we have a more powerful force, a bigger weapon and an Army of more generous soldiers of LIFE to defeat that puny pile of printed paper.

TRUMP NOMINEE CONFIRMED

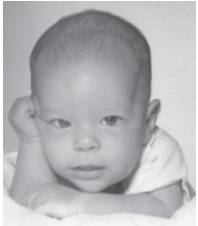

Despite the fact that pro-aborts did their best to destroy her, Sarah Pitlyk was recently confirmed by the US. Senate as a Judge on the U.S. District Court for the Eastern District of Missouri.

The pro-abortion Alliance for Justice warned that “Pitlyk has devoted her career to attacking reproductive freedom, and it is clear that she will be a biased justice.

Despite these vicious attacks, The U. S. Senate voted 49-44 to confirm Sara Pitlyk.

HHS TO ALLOW FAITH-BASED ADOPTION

The Department of Health and Human Services (HHS) on Nov. 1 announced a proposal that will no longer withhold federal grant money from faith-based adoption and foster agencies that refuse to place children in same-sex

households due to their belief in traditional marriage.

With an estimated 400,000 children in the U.S.’ foster care system and more than 100,000 eligible for adoption, the Trump administration argues that the new rule is necessary to support the efforts of religious providers who help vulnerable communities. Enforcement will begin immediately.

30,000 DOCS SAY: “ABORTION NEVER MEDICALLY NECESSARY TO SAVE MOM’S LIFE.”

In a letter published at The Public Discourse, leaders of the American College of Pediatricians, American Association of Pro-Life Obstetricians and Gynecologists and other medical groups explained their support of the Born Alive Abortion Survivors Protection Act. The Bill, which narrowly failed in the U.S. Senate in March, would require that abortionists provide the same basic medical care to an infant who survives an abortion that doctors would to any other baby born at the same gestational age. ***Democrats claimed the bill was an attack on “women’s health care.”***

Defenders of the bill said abortions—“the guarantee of a dead baby”—are never necessary in the rare cases when a mother’s life is in jeopardy late in her pregnancy.”

900 ABORTION CLINICS LOSE \$\$\$\$

Power to Decide, a pro-abortion organization, says in a new report that 876 clinics across the country have lost funding since the Department of Health and Human Services (HHS) under President Trump prohibits Planned Parenthood and other abortion businesses from receiving tax dollars unless they separate their abortion businesses from their taxpayer-funded services. That means housing their family planning services in separate buildings with separate staff from abortion businesses and a denial of funds if they fail to do so.

A recent **Marist poll** found that a majority of Americans oppose any taxpayer funding of abortion (54 percent to 39 percent). *LifeNews 2019*

ACTRESS KRISTEN CHENOWETH SAYS: “MY BIRTH MOM GAVE ME LIFE”

If you watch “A Christmas Love Story” on the Hallmark Channel this season, you will see the scene where a character meets her birth mother for the first time. The star of the film, Kristen Chenoweth says, “That scene happened to me. I am adopted, and I had this virtually same conversation with my birth mom.” Wow! Chenoweth praised her birth mom and her adoptive mom, saying, “One gave me life, and one gave me a life.” *Let’s all look for it!*

SCOTUS UPHOLDS KENTUCKY LAW THAT WILL SAVE LIVES OF BABIES

The Supreme Court has upheld a Kentucky law allowing women a chance to see an ultrasound of their unborn baby before having an abortion.

Ultrasounds are generally done before abortion so the abortionist can see the age of the baby, but abortion clinics normally don’t let women see their baby because the mother may change their mind after seeing their child.

Let’s see what it takes to get this law in PA.

NEWS FROM THE MAGEE PROJECT

The Magee Project hosted a networking retreat for Pittsburgh area pro-life groups in November. It's encouraging to see how our local pro-life community is eager to work together to end abortion and create a culture of life in Pittsburgh.

As we continue to go to pray at Magee, our next steps include working to connect with individual Board members and producing a hand out to enlighten the public about the practice of abortion at Magee.

Also, we are working on changing our name! Watch for it!

You can sign up for our updates and to go to pray at Magee any day of the week or time just by contacting TheMageeProject@gmail.com or calling the PCUC office for more information.

DALEIDEN'S CMP FILES SUIT

David Daleiden's *Center for Medical Progress* has filed a defamation lawsuit against Savinda Ginde, one of the then-Planned Parenthood abortionists featured in CMP's video footage documenting the abortion outfit's complicity in the baby-body-parts trafficking.

In a *Live Action News* report, Carole Novielli quotes one provision of the lawsuit: "Dr. [Savita] Ginde published a book and made a TEDx presentation in which she falsely claims that the videos were 'dubbed' and 'spliced and diced,,' and that they did not reflect her actual statements...The Ginde Videos,'" states the suit, quoted by Ms Novielli, "' accurately portray the discussions that Dr. Ginde had with Mr. Daleiden during the undercover investigations. No facts were fabricated or added to the video. Neither the context of Dr. Ginde's statements, or the accompanying audio, was manipulated. *Life Advocacy Briefing 12-9-19*

SPECTACLES AT THE BANQUET

As we wrapped up to go home after our 50th Anniversary Banquet, someone found a pair of reading glasses with rectangular, black rims and criss/cross design on frames. If they are yours, let us know and we'll get them to you.

GET YOUR COPY OF UNPLANNED

"A true story of love, hope and redemption"

We have a few copies of the Blu-Ray digital DVD of *UNPLANNED*. It's rated R, but it's suitable for teens. You can show it to your youth group, women's or men's club and at home. It's a story of one woman's journey from director of a Planned Parenthood abortion mill to the most popular pro-life speaker of our decade. Call the office, and we'll get it to you. Cost is \$20. 412-531-9272

MINDZENTY REPORT REVEALS HORRORS

Call the office and we will send you a copy of the *Mindszenty Report* for December 2019. Anyone who cares for the sanctity of human life will be appalled at the ethically troubling practices going on in the U.S. and in many countries around the globe. Children are being manufactured to live in conditions that are immoral, even disgusting.

High profile couples are renting wombs. Dangers to health of surrogates are risky and costly. Practitioners will do anything for money, and it is the children who are victims. The issue is not fun to read, but anyone who cares should know the facts.

TWO CONSERVATIVES TO NINTH CIRCUIT

Sen. Pat Toomey voted *for* the two new seats on the infamous Ninth Circuit Court, and Sen. Bobby Casey voted *against* them. Their votes cancelled each other, but we can know without looking that the new guys are conservative. That gives us hope.

One of the attorneys confirmed is Lawrence VanDyke. He was vigorously opposed by the abortion lobby and its fellow travelers in the Senate.

As Solicitor General in Montana and Nevada, Mr. VanDyke submitted an amicus brief in support of Arizona's 20-week abortion ban. He went so far as to ask the Supreme Court to reconsider *Roe v Wade*. He challenged ObamaCare's contraception coverage and his involvement in legal filings also challenged the legality of buffer zones around the entrances to abortion mills, like the yellow half-circle around the doors to Planned Parenthood in Pittsburgh. Final vote on nomination was 53-40.

DAVID DALEIDEN SUED FOR \$1.4 MILLION

Planned Parenthood is licking their chops after *the judge ordered the jury to find David guilty in PP's case against him and his colleagues.*

There will be an appeal, of course, but this is the lopsided decision handed down in the case where PP personnel were videotaped as they joked and bragged about buying and selling organs, limbs, entire babies—all while eating and drinking.

We might hope that the media would make this case a "must see" for printed publications, television, radio and on-line presentations, but unless you get it through pro-life outlets or more obscure sources, the "man on the street" won't hear of this case.

THANKS TO KNIGHTS OF COLUMBUS

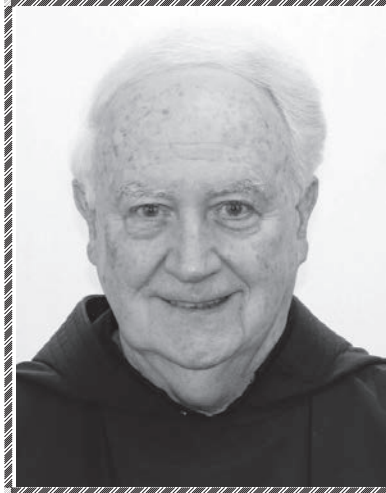

The pro-life movement is blessed to have the Knights of Columbus as our strongest, bravest allies in prayer and action. MANY of the buses headed for Washington, DC, on January 24 will have Knights as passengers and leaders.

A few years ago, as I (your editor) stood in the throng at the rally, I saw several men—Knights—who wore an unusual I.D. on their coats. I asked one of them what the I.D. meant. He said they were a delegation from South Korea who came to participate in the March for Life.

If these men could come across the ocean to join us, I hope many local pro-lifers can roll out and onto a local bus in the pre-dawn on Friday, Jan. 24.
It will be a wonderful day for all who come!!
