LIFE CHAIN – OCTOBER 4

DAD & DAUGHTER TEAM AT LIFE CHAIN 2019

This is one of the few activities where our participation *requires* us to be far apart along our local streets, lanes and highways so that our LIFE CHAIN is long enough for passing motorists to get a glimpse of our signs, our LIFE message and our presence in many areas.

“Thank you” to every one of our local coordinators. Call the PCUC office if you need additional signs. 412-531-9172. Our list of 2020 Life Chains is on page 5. Call Mary Catherine Scanlon with location, contact person and time.

WE CAN HAVE A SAY!

It is incredible what has transpired over the last 47 years. With the onset of *Roe v. Wade* and

Doe v. Bolton, we have witnessed unborn babies mutilated and sucked out of the womb before they had a chance to even take a breath. We have watched abortion on demand come to include where a baby is actually being delivered and while the head is visible it is pithed, the brains sucked out, the head collapsed and the baby delivered dead. And then there is the Abortion Pill. This pill makes a woman's body expel the pregnancy; therefore, the baby dies. Then to take a step further, babies that make it through a botched abortion, whatever the type, aren't allowed to live. They must be left to die! Along with all that has transpired, the babies often are harvested or selectively chosen for design or later implant or just “reduced” or removed because the medications given caused too many embryos to be fertilized or too many were implanted in a womb. Let us not forget the unborn ones that are sent for research and used for experimentation. This is big money business!!! AND YES, ALL THESE THINGS ARE GOING ON RIGHT HERE IN AMERICA!

Jules Verne's book, **20,000 LEAGUES UNDER THE SEA**, was considered an insight to the future. We are living in a time where Aldous Huxley's book, **BRAVE NEW WORLD** is not an insight into the future but has come somewhat of a reality. How scary is that? We have the ability to stop all these horrific and egregious atrocities! Let us make the next 47 years and beyond ones that do not have these surely intrinsic evils occurring.

We can have a say! Please! On November 3, 2020, please VOTE PRO-LIFE!

ABORTION PILL REVERSAL INFO

I-877-558-0333 • 24/7 patient line

It's not too late. If you have taken RU-486, the first pill, **DO NOT TAKE THE SECOND PILL**. RU-486 cuts off blood and nourishment from your baby. The goal is to starve your preborn child to death.

The second pill, Misoprostol, taken 24-48 hours later, causes contractions that can cause painful cramping and heavy bleeding to trigger a miscarriage. **INSTEAD, CALL FOR HELP 24/7!**

The hotline will refer you to a Pregnancy Help Center. The Pregnancy Help Center will administer the reversal medication at **no charge**.

Reversing the abortion cannot be surely guaranteed, but chances of success are highest the sooner you take the reversal medication.

***The Pregnancy Help Center will also most likely give you an ultrasound and you will be able to see your baby.**

CHINA HARVESTING ORGANS

Steven Mosher, president of the Population Research Institute, has called on the Vatican,

specifically Archbishop Sorondo, head of the Pontifical Academy of Sciences, to speak out against China's killing of prisoners for their organs.

Mosher told **LifeSiteNews** that the Chinese government is harvesting organs from countless prisoners while they are still alive to supply its lucrative organ transplant industry. China has moved to a "more advanced" version of its decades-long practice of executing prisoners.

They are now paralyzing prisoners in order to extract their organs while they are still alive. These organs are placed in cold-packs, sold for tens of thousands of dollars, and taken to operating rooms where they can be transplanted. Mosher noted that the United States has called for an investigation into this horrific practice.

LEGALIZED ABORTION NOW IN IRELAND

A total of 6,666 abortions were performed in Ireland in the first year after repeal of the country's prolife Eighth Amendment, according to official figures just released. In its first annual report since the liberalization of abortion laws, Ireland's Department of Health said June 30 that 6,542 of the abortions carried out in 2019 took place during "early pregnancy."

Maeve O'Hanlon, spokesperson for the Pro-Life Campaign, said, "Those adopting an attitude to the latest figures of 'nothing to see here, everything is fine and going to plan' are downplaying the loss of life caused by the recent introduction of abortion here, as evidenced in today's numbers."

ABORTION STILL ILLEGAL IN MEXICO

Mexico's Supreme Court shocked pro-abortion and feminist activists and handed to pro-life forces what many see as a decisive victory, ruling against a lower court injunction seeking to decriminalize abortion in the Mexican state of Veracruz.

Abortion activists hoped to use the injunction as a template to expand abortion across the country. Currently, abortion is legal in only two of Mexico's 32 states.

BIRTHRIGHT NEEDS YOUR HELP

Springtime and Mother's Day are usually busy times for many churches to have Red Rose Days to benefit Birthright of Pittsburgh. Since this year has been such a mixup—most churches did not have normal Sunday schedules and many people stayed at home because of the virus—our local Birthright needs our help. PLEASE send your donation to Birthright of Pittsburgh, 160 N. Craig St., Suite 200, Pittsburgh, PA 15213.

LESKO DEMANDS PP RETURN \$\$

On July 27, Congresswoman Debbie Lesko (R-Ariz.) introduced the Paycheck Protection Integrity Act. The legislation requires Planned Parenthood Federation of America (PPFA) and its affiliates to return funds they received through the Paycheck Protection Program (PPP) that is administered by the Small Business Administration (SBA).

Though it was not supposed to, the Planned Parenthood abortion business improperly applied for and received \$80 million in federal funds meant to support small businesses as they battle the economic fallout from the corona virus. Leading pro-life groups support the bill.

PP ASHAMED OF SANGER'S NAME

They denied it since she founded the baby-killing industry in 1916, but now Planned Parenthood of New York has plans to remove Margaret Sanger's name from the Manhattan office. It has also asked city leaders to remove her name from a street sign nearby. Sanger was a well-known eugenicist who believed certain groups of human beings were "weeds," "reckless breeders" and "morons" who should not have children.

PP's NEW APP DESIGNED TO SNEAK AROUND PARENTS

American Life League's executive director warns parents that a new chat-driven smartphone app created by Planned Parenthood is designed to sneak around parents and get PP into the hands of teenagers. "It's their way to get around (the parents) to get directly to the kids...especially when the kids are not going to school, where they are at home, getting bored and looking for things on their cell phones to pass the time of day. This is a very dangerous time for our children," Sedlak warned. *Source: ALL NEWS-May-June*

TRUMP NAMES ETHICS ADVISORY BOARD

Scientists and bioethics experts who believe babies in the womb deserve basic human rights are leaders in a new advisory board investigating the use of aborted baby body parts in government-funded research.

The Trump administration established the National Institutes of Health (NIH) Human Fetal Tissue Research Ethics Advisory Board amid calls to end the practice of using aborted baby body parts in taxpayer-funded research. President Trump appointed the members. At least 10 of them are pro-life.

Members include Paige Comstock Cunningham, former leader of Americans United for Life and Dr. David A. Prentice, research director at the Charlotte Lozier Institute. Other members include Ingrid Skop, an OB-GYN, and Greg Burke of the Catholic Medical Association ethics committee.

The board's task is to make a report for Health and Human Services Secretary Alex Azar.

One member, Lawrence Goldstein, used aborted baby body parts in research on Alzheimer's disease. Four other members have not made public statements about the issue.

God of love and mercy, in this season of Christmas we offer you our thanks and praise. We want to spread the word of peace you give us through Jesus Christ

May the birth of your son overcome human suffering, calm our fears, and bring peace to our homes, our families and our world. Amen.

Blessed Christmas and a happy, holy New Year

#2 Shades of brown, gold, "straw," and facial tones.

As Joseph and Mary trusted in our heavenly Father at the birth of their Son, may the Lord of Life be with you during this joyful season and in the year ahead.

Scripture: She gave birth to her first-born Son and wrapped him in swaddling clothes and laid him in a manger; because there was no room for them in the place where travelers lodged. Luke 2:1-7
