OUR 54th YEAR

NOVEMBER-DECEMBER 2022

Vol. 54 No.6

TUESDAY, NOVEMBER 8 YOUR VOTE IS CRUCIAL

Our enemies are on the attack. Led by self-proclaimed "devout Catholic" Joe Biden, the forces of darkness are on an all-out mission to destroy the pro-life movement. They are turning a blind eye to attacks on pro-life pregnancy centers and the liberal media is printing and broadcasting stories to make abortionists look like victims.

It's up to us to pray, tell the truth and encourage everyone we know to vote, to speak up, and respond with truth when we hear a lie.

DARK DEEDS UNCOVERED IN PITTSBURGH

Thanks to the untiring work of Meredith Parente and presented by The Magee Project, "Hidden History" is presenting the truth about the activities being carried out by the

University of Pittsburgh, UPMC Magee-Womens Hospital and Planned Parenthood of Western PA.

From committing abortions for any reason up to 24 weeks gestation to "humanizing" rodents, to implementing racial quotas highly disproportionate to the Black/White numbers in our population, these agencies are making our laws look silly and our lawmakers look like fools.

If you would like a copy of the abortion industry's attack on Pittsburgh, call our office.

YOUR LIFE PAC FLYER IS ON PAGES 3, 4, 5, & 6

You can remove the center section of this newsletter for the LIFE PAC flyer you will take with you into the voting booth on Nov. 8. Be sure to mark all the candidates you'll vote for, from U.S. Senate, U.S. House of Representatives, PA Senate and House. Do it before you head for the polls so you will be confident of your choices.

If you want extra copies of the flyer for your family, friends or neighbors, call 412-531-9272.

WAL-MART WILL PAY FOR EMPLOYEE ABORTIONS

"It will now cover the cost of abortion and related travel expenses in cases up until the point of 'fetal viability.'"

While the point of fetal viability is not clear-cut and has shifted down in recent years due to technological advances, medical consensus now sets it at 23 to 24 weeks. It appears Walmart will get to decide on a case-by-case basis.

Surely there are other places in our local communities where we can shop without helping the abortion industry to thrive.

We have a string of 40 companies whose CEOs raced to announce "health care" policies that includes thousands of dollars in abortion stipends and travel reimbursement.

Call PCUC to ask about companies willing to kill tiny babies so they don't have to rearrange the schedules in their offices or factories. Most of them are big companies, or we would not so easily recognize their names, e.g., AT&T, Macy's, Amazon, Gucci, Mastercard, etc., etc.

HAVE YOU SEEN THE PRO-LIFE BILLBOARDS

ProLife Across America has been mounting beautiful billboards across America since 1989. They capture the charm, the beauty and the very precious value of babies with moms, babies with animals and babies with babies.

In Pittsburgh we see them occasionally, but one location has had several that are worth your taking a side road from the usual bridges and speedways. If you go to the very lower end of the P.J. McArdle Roadway (that's the street from the Liberty Bridge to Mt. Washington), you'll see the little one who looks like he's just about to cry while his mom is holding him and smiling with love.

Another beautiful picture *was* on Greenfield Avenue, just around the corner from Second Avenue. It was two small children looking up close at a beautiful infant. Sadly, after this message of LIFE was up for about a week, it was vandalized.

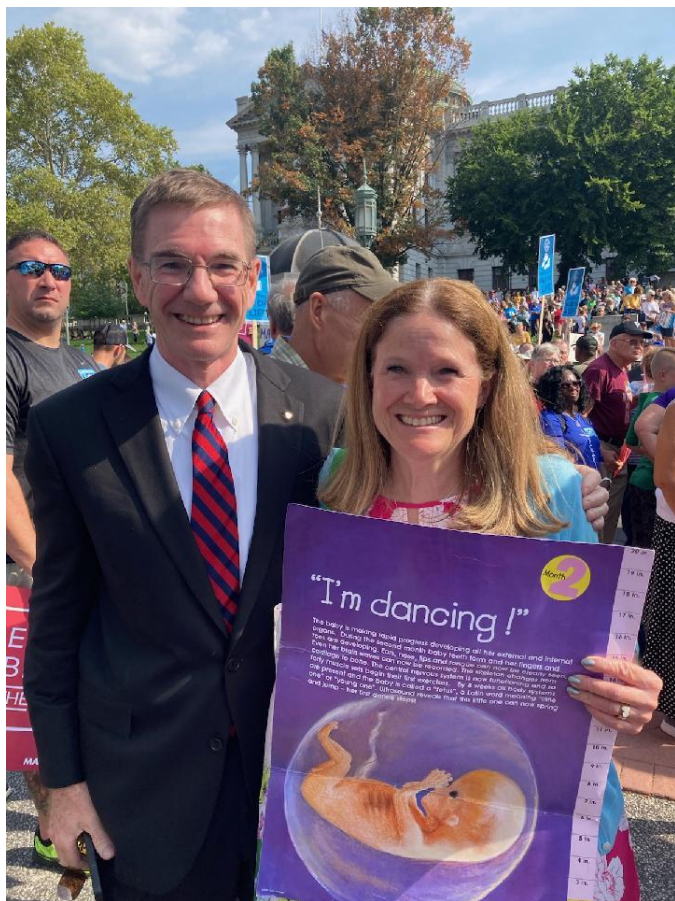

I guess if we want people to see the beauty of these precious children, we have to keep them out of the hands of adults with no good purpose in their wanderings.

Call the office if you want more information about pro-life billboards.

NATIONAL MARCH FOR LIFE 2023 SCHEDULED FOR FRIDAY, JAN. 20

We're waiting to hear the theme for the March, and soon we can schedule our buses, but but we know we'll be there to observe the First Post-Roe March for Life. Our prayers have not been in vain. We have work to do, and we won't stop 'til every baby is safe and cherished.
