

FROM OUR PRESIDENT

Dear Friends,

Where did the summer go? As I grow older every year, it seems that each year, each season, goes by quicker than the last. It reminds me that our time here on this earth, is fleeting, indeed. Even if we live for 100 years, that time is a fraction of a second compared to all eternity. And the scary thing is, our limited time can be cut short in the blink of an eye. On Tuesday, I had a stark reminder of just how fragile our lives are. After golf league Tuesday night, I witnessed my friend, Denny, being readied for a life flight to the hospital downtown. Denny, most likely, became dehydrated from golfing in the extreme heat, and collapsed face down, at the bottom of several concrete steps. He currently is in an induced coma in the ICU, with a catheter in his brain to relieve pressure. They expect him to regain vision, but we don't know what else. Please keep Denny in your prayers. I know for a fact, how powerful our prayers are in this community.

I was writing above of how time flies. We are less than 2 months away from annual Fall Luncheon Banquet. This year, it is scheduled for Sunday, OCTOBER 20, from 12:30 – 3:30 PM at the Lemont restaurant. Cost is \$65 with part of the proceeds going to help fund PCUC's billboard campaign. Our keynote speaker this year, is Fr. Joe Freedy, a dynamic evangelist who is sure the light the flame of the Holy Spirit inside you! Plenty of tickets are still available, and our hard-working board will soon be calling all of you who have attended in the past, to make sure you have plans

attend this year. Go to pcuc.org for more details.

If you haven't seen at least one of the 4 electronic billboards we have stationed along Pittsburgh major highways, you've missed an important message! Each billboard is providing a web link to REAL help for a woman who is considering taking the abortion pill. Plans are to alternate messages on a monthly basis throughout the year. Keep an eye for our bright blue billboards with a woman staring at her phone.

Above, I asked you to pray for my friend. I also am asking you to pray for our country and our Pro-Life community. This election, like many, is creating angst, and divisiveness, not only in our country, but within our pro-life group of advocates and prayer warriors. I am confident it will not drive us apart, but I do feel it is Satan, working to undermine us and our drive for life. Please pray that our country survives the coming turmoil, and that we, as fighters for the lives of unborn children, will continue to have the right to speak out and express our beliefs after this election.

FROM OUR DIRECTOR

By Nikki Bruni

As we head into fall, we enter into a frenzy of pro-life opportunities, such as the PA March for Life in Harrisburg on Sept. 23rd, the 40 Days for Life Kick-off on Sept. 24th and our intense 40-day-long prayer vigil on the sidewalk in front of Planned Parenthood from Sept. 25th through Nov. 3rd. There are also many other opportunities to get involved which you will see in this newsletter.

The busy-ness of this time of year can be overwhelming, especially as we see the well-funded opposition that seems to control the media and the brain-washed population, which has been indoctrinated to believe that what is evil is actually good.

Although we are keenly aware of the increase of division and anger surrounding the abortion debate, we also know that it is more important than ever to remain steadfast in our peaceful mission to defend innocent human life. And so, even though it may be overwhelming to try to take part in *all* of these up-coming activities, remember that as many as you can participate in, you will receive much needed strength and encouragement from being with like-minded brothers and sisters in the Lord. *You will be energized to continue this battle, which is raging in our culture, in our families and in our state and national capitols.*

It's true that it can be challenging to go against a culture that is so well-funded and powerful...but the babies are so worth it! If you are tempted to despair and think that your efforts are useless, *just imagine how much worse our world would be without our pro-life witness!* If we simply roll over in despair, the other side wins by default.

So keep praying, and doing all that you can do to be a visible witness to the fact that all lives matter to God and are worth defending!

Here are some concrete ways you can do this:

- Sign up to pray at PP during the 40 days by going to www.40daysforlife.com/pittsburgh or email Jen at pghsaland365@gmail.com.
- Come out to Epiphany Church on Sept. 24th for the Kick-off Mass and take part in the Eucharistic Procession to Planned Parenthood.
- Contact Anita at 412-728-3647 to get connected with a bus going to Harrisburg.
- Get inspired and motivated to pray for abortion workers by coming to the *September 8th screening of Abby Johnson's new documentary, "Unthinkable"*.
- Mail in the registration form on page 14 of this newsletter, to attend **PCUC's fall luncheon**, and be inspired by a talk by Fr. Joe Freedy!

NEW!!! PRAYER & POT-LUCK AT PCUC:

PCUC is striving to put PRAYER at the forefront of our life-saving work, and we want to begin by praying at our office once a month. Everyone who likes to pray and eat is invited!

The first Prayer & Potluck event on Aug. 31st was a great success! We enjoyed fellowship and prayer, and even got to celebrate Rose's 90th birthday!

WHAT IS IT? Prayer, fellowship and food on the **last Saturday of every month**, beginning at 6pm at the PCUC office, located at 3050 Pioneer Ave., Brookline. Bring a dish to share. Pop, water, wine and beer will be provided. We will eat first, and enjoy a time of pro-life fellowship for the first hour. At 7pm we will pray the rosary. Non-Catholics are invited to pray the Rosary, but also have the option of praying together separately in one of the many rooms available. We will end at 8pm. **Next Prayer & Potluck event will be on Saturday, September 28th. RSVP to Nikki at 412-926-9413 or nikki@pcuc.org**

UNTHINKABLE

WITH ABBY JOHNSON

Is the shocking exposé of the abortion industry and its darkest secrets. After telling her story in the best-selling book *Unplanned* and the subsequent dramatic film of the same name, Abby wanted to dive deeper into her story of transformation from celebrated leader at Planned Parenthood to the outspoken pro-life leader who is now rescuing those with even more horrific experiences than her. Her message is one of bringing the Truth with a call to exemplify the heart of Christ as an army of radical PRO LIFE and PRO LOVE women and men who are called to have the grace and mercy of God even for the wicked.

Annual Public Meeting, Rally, and Prayer Walk October 14th

The Magee Project will again have an opportunity to speak to the Board of Directors of Magee-Womens Hospital at their **annual public meeting**. The Board will meet virtually at 4pm, **Monday, October 14**. Anyone can attend the Board meeting virtually, but you must register in advance to attend or speak. *Is there something you'd like to say to the Board?*

The Magee Project and Choose Life at Pitt, the Pitt student's pro-life group, will hold a prayer walk and rally at Magee that evening from 6-7:30pm. Special speakers include former **Judge Cheryl Allen**, **Sarah Bowen**, author of *Courageously Pro-Life*, **Tina Whittingdon**, Executive Vice President of Students for Life of America, with **PA State Representatives Joe D'Orsie** and **Aaron Bernstine**.

We'll meet on the public sidewalk at the main entrance to Magee. The prayer walk will follow the public sidewalks around the perimeter of the hospital. *Come join us!*

Sunday, September 22, will be our last gathering of The Church at Magee at the park for the warm season. We meet from 4-5:30pm. The prayer walk only will continue on the 4th Sunday of the month from November through March, from 4-5pm.

Contact TheMageeProject@gmail.com for more Information.

PRO-LIFE PITT STUDENTS NEED OUR HELP TO FORM THE NEXT GENERATION FOR LIFE!

The Students for Life Group at Pitt is blessed to have brand-new dynamic, intelligent and enthusiastic President in the person of Kyra Kishore! She has asked for our help with her ambitious plans for building a culture of life at Pitt, and for forming young hearts and minds to an understanding of the sanctity of all human life. She wrote:

Choose Life at Pitt is the consistently pro-life student group on campus at the University of Pittsburgh. We aim to build a culture of life that respects and defends all human beings from conception until natural death through personal engagement, initiating discussion, education, and community networking. We are currently planning our year and want to be a part of building a strong community of life in Pittsburgh. For that, we are asking for your help. This year, other than campus outreach, we plan to host public vigils, events, and speakers and are looking to increase our membership by 70%; all to preserve the sanctity of life.

Choose Life at Pitt is ready to be a voice for the voiceless on our campus and in our community. As students, we have the time and the will to fight for this cause, we just need the financial support to make it the best it can be. With your help we will accomplish our goal of changing our culture to one that respects human life at all stages.

To donate please venmo your designated amount to @Kyra-Kishore and put "Choose Life at Pitt" in the memo line or contact :

chooselifeatpitt@gmail.com to see how you can pay by check or cash. Thank you ahead of time for your generosity in supporting the cause for the inherent dignity of each and every human being. We look forward to serving the pro-life cause at Pitt and working with you to create a culture of life!

In Life,

NEWS FROM THE SIDEWALK

By Andrew McCauley, Director of Sidewalk Advocates for Life, Pittsburgh

“The Best Way to Close an Abortion Clinic”

Recently, while discussing sidewalk counseling strategies with my brother, a thought experiment was posed: what would one of the great saints do if they were to minister at an abortion clinic?

Very quickly we both came up with the same answer: *He or she would probably pray, and the clinic would close.*

Of course the supplications of even a saint are not guaranteed to be granted. The extent to which God will suffer the continuation of a particular evil is hidden from us. But I was struck by the fact that we both intuitively thought that for a very holy person, prayer would be the central and decisive response, rather than any sort of innovative or ingenious approach.

I mean in no way to discount the many pro-life activities undertaken, not the least of which is actively counseling on the sidewalk. The saints themselves often were people of great action, undertaking huge projects of evangelization and ministry for those in all walks of life.

But what I learned from thinking of the saints was that, whatever else they did, prayer was their uniquely central activity, effecting great (*even if unseen*) change and guiding their external actions.

The centrality of prayer is a simple fact, but one I need to more seriously put into action. If you don't already, please take a few moments of every day to place yourself in the presence of Almighty God and personally beseech Him to end abortion. A woman may decide not to listen to us on the sidewalk. But God always listens to the prayers of his faithful people.

NATIONAL 40 DAYS FOR LIFE TEAM MEMBER VISITS PITTSBURGH!

Denise, Brazilia, Kyra, Nikki, Beth, Conrad, Rose, Michelle and Carolyn were there to welcome Heather Gardner as she visited our vigil site

Our Pittsburgh team had the honor of welcoming Heather Gardner (*in the green shirt*), as she visited our 40 Days 365 team on August 19th. Heather lives in Austin Texas, and was one of the founding members of the original 40 Days for Life campaign in front of the Planned Parenthood that Abby Johnson managed. It was a privilege to get to spend some time with her, as we prayed at our vigil site in front of PP, and then as we had a time of informal fellowship at a cook-out at my house that evening. She took time to answer questions from the 27 team members who were there, which helped to inspire and motivate us to continue in this life and soul-saving mission, which is 40 Days for Life. Thank you Heather!

Our 40 Days for Life 365 team members were inspired by a time of fellowship at a cookout with Heather at my home on Aug. 19!

PRO-LIFE DIAPER COMPANY “EVERYLIFE” IS COUNTERING THE DNC PRO-ABORTION EFFORTS

While the DNC sponsored free abortions outside of their national convention last month, pro life organizations were there to counter their death-options with life-affirming ones! Read the article from Life Action here: [Pro-life groups offer life-affirming options near Planned Parenthood bus at DNC \(liveaction.org\)](https://www.lifeaction.org/pro-life-groups-offer-life-affirming-options-near-planned-parenthood-bus-at-dnc)

With many diaper companies (*surprisingly*) supporting Planned Parenthood, *there is a new diaper company called “EveryLife”* which is totally pro-life and was at the DNC last month to offer a lifetime supply of free diapers to anyone who attended the convention and decided to choose life. You can find out more about this good company here: [Our Mission – EveryLife](https://www.everylife.com/our-mission)

EAST LIBERTY ABORTION CLINIC FAILS INSPECTION

Allegheny Reproductive is an abortion clinic in the East Liberty section of Pittsburgh that kills approximately 4,000 pre-born babies every year.

On April 15 of this year, the PA Department of Health reported that the facility was in violation PA health regulations because it had administered anesthesia to minor patients without the proper medical personnel. According to PA law, only a Certified Registered Nurse Anesthetist (CRNA) or Medical Doctor may give a anesthesia to a minor. It was discovered that this facility had given anesthesia to two minor patients using RN’s only. In response to this report, Allegheny Reproductive’s “Plan of Correction” is that they will cease providing the anesthesia “Ketamine” to their minor patients.

The full report can be found at: [QA Investigation Results \(pa.gov\)](https://www.pa.gov/qa-investigation-results)

LEGISLATION UPDATE...FROM ANITA...

PA WANTS TO ELIMINATE SAFETY MEASURES FROM ABORTION CLINICS

A recent memo by 12 PA Representatives directed to the House Health Committee entitled, “Removing Unnecessary Admitting Barriers for Abortion Providers” is urging the removal of the current safety measure which requires abortion clinics to have admitting privileges with a hospital no less than 30 minutes away. The memo says:

In Pennsylvania, an abortion facility must have a transfer agreement with a hospital no further than a 30-minute drive. Major public health --and medical groups, including The American College of Obstetricians and Gynecologists, believe that these regulations are unnecessary as there is no evidence to support that providers that perform abortions need hospital privileges to ensure a safe outcome for the patient.

For these reasons, we plan to introduce legislation to remove the excessive mandate that abortion providers maintain admitting privileges or have transfer agreements with hospitals, which only causes another obstacle in obtaining access to care. By removing the unnecessary limitations that healthcare providers experience when delivering essential health care, abortion can be more accessible and obtainable to all Pennsylvanians.

Please join us in co-sponsoring this important legislation that would increase access to safe abortion ser-

They never stop. This could very well get votes. Upon reading the contents of the bill, I am extremely concerned that this bill will put women at high risk in the case of medical complications during an abortion.

HB2517 seeks to create a licensure carve out in The Health Care Facilities Act by adding: “*An abortion facility shall not be required to have a transfer agreement with a hospital*”.

Effectively, they seek to treat abortion facilities differently from all other ambulatory surgical facilities in Pennsylvania, particularly in regards to the safety of the patient in the case of medical complications during an abortion.

It seeks to nullify the statutory requirements of 28 Pa. Code § 29.33(10), specifically voiding the requirement for an abortion facility to have a transfer agreement with an emergency care-capable hospital within a 30 minute drive in the case of a woman’s medical emergency.

Since this was referred to the House Health Committee, please ask them not to advance this bill.
